EL-30SWCB2D 30-INCH WINE & BEVERAGE COOLER

The EL-30SWCB2D is perfect for those who love to entertain. With two independent temperature zones, this unit can house up to 33 standard wine bottles on the right side and 101 12 oz. cans on the left side. The flat, adjustable glass shelves on the beverage side allow you to store the cans anyway you want. On the wine side, the flat shelves with metal lip have grooves to hold bottles in place. An all black cabinet with two dual-pane glass doors with seamless stainless steel trim makes this unit an attractive addition to any room. Equipped with front exhaust, this wine & beverage cooler is designed to fit seamlessly in existing cabinetry. Soft blue interior LED lighting showcases your wine, making it easy to select which wine to serve next. Digital temperature control panels at the top of each door make it simple to keep your wines and beverages at the ideal serving temperature. This cooler is equipped with front exhaust making it perfect for built-in installation. This 30-inch wine & beverage cooler is a must-have for all wine lovers with a growing collection.
