EL-BWC101-01

EL-BWC101-01 WINE AND BEVERAGE COOLER

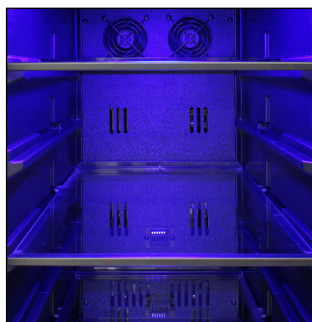

Vinotemp's new, 30-inch wide wine and beverage cooler model EL-BWC101-01 is perfect for those who love to entertain and provide cold drinks. With two independent temperature zones, this unit can hold up to 33 standard (750 mL) wine bottles in the right compartment and 101 12 oz. cans on the left. The beverage compartment has flat, adjustable glass shelving which allows for storing and/or stacking your favorite canned beverages. The wine compartment employs Ouzo™ flat shelving with a black lip that have grooves to hold the bottles in place. A black cabinet with two seamless stainless steel doors with dual-pane glass makes this unit an attractive addition to any kitchen or bar. Equipped with front exhaust compressor cooling technology, the sleek EL-BWC101-01 wine & beverage cooler is designed to be built into existing cabinetry or to be used as a stand-alone unit. Modern soft blue interior LED lighting showcases your wine making it easy to read and select each bottle. A built-in lock and key provides extra security from unwanted tampering. A temperature control panel with digital display is conveniently located at the top of each compartment making it simple to adjust the temperature for each zone. The Vinotemp EL-BWC101-01 wine and beverage cooler is constructed to be larger in width to fit a 30 inch wide appliance. The dual nature of this refrigerator provides versatility in the handling of your love for both glass and canned drinks.
