

Apex Custom Wine Racking featured on DIY Network's Brothers On Call

Tuscan Wine Cellar

In what Jon and Terry Wittmaack describe as their "favorite project to date," the stars of DIY Network's popular show, *Brothers on Call*, bring a touch of Italy to a home in an upscale neighborhood of New Jersey. Utilizing custom racking from Apex Wine Cellars & Saunas, the brothers turn part of a wine connoisseur's basement into a stunning, Tuscan style wine cellar and tasting room.

Racking being assembled for the wine cellar.

A sample of the racking used to complete the wine cellar remodel.
