

## Using your **Cigar Mate** Humidifier

1. Place the humidifier on a clean plate or saucer.
2. Add drops of the Cigar Mate Humidifier Solution\* into the holes until it overflows onto the saucer.
3. Remove your humidifier from the saucer and shake off any excess moisture.
4. Your humidifier is now ready for use.

\*Alternatively, you may use distilled water, but you will need to add Cigar Mate Humidifier Solution every few uses.
