

EL-45BSH

45-Bottle Single Zone Wine Cooler

Display your favorite bottles in this elegant 45-Bottle Single Zone Wine Cooler; featuring a patent-pending horizontal stainless door handle design, thermal paned glass door with stainless trim, safety lock, 6 sliding wire metal racks and bulk storage with two additional metal racks. This wine cooler with sleek and contemporary styling is perfect for the modern wine connoisseur looking to house a small to medium sized wine collection. Single-zone temperature setting allows for wine bottles to be stored at the ideal temperature zone, taking advantage of this wine cooler's ability to preserve wine at its most optimal temperature. A digital controller, located on the outside, visibly displays and easily adjusts the temperature of your wine. Soft LED light provides the perfect amount of lighting to show off your wine bottles. This wine cooler is designed for freestanding installations only.
