

EL-7TSST

7 Bottle Wine Cooler

Store your favorite bottles of wine at the optimal temperature in this attractive 7-Bottle Touchscreen Wine Cooler by Vinotemp. The EL-7TSST has 7 single-bottle wire shelves, a black body, stainless steel trim, and dual-paned glass door. A touchscreen control panel and digital temperature display allows wines to be set at different settings. A front exhaust allows the unit to be built-in. With a sleek frameless design, this wine cooler will be an excellent addition to your home.

From top to bottom: Digital control panel, top LED light and wine racking
