A PROUD HERITAGE OF EXPERIENCE & QUALITY

## **VT-32 BEVERAGE COOLER**

**VT-BC32SB-ID**

**OWNER'S MANUAL**

*Vinotemp®*

[WWW.VINOTEMP.COM](http://WWW.VINOTEMP.COM)

## General Operating Instructions

Remove all external and internal packaging from your wine cooler. Be sure that all parts have been included before discarding any packaging materials. You may want to keep the box and packing materials for use at a later date.

Upon receipt and inspection of unit, the supply cord must be replaced if it is damaged. Contact our customer service at 1-800-777-8466 or [info@vinotemp.com](mailto:info@vinotemp.com).

- Let the unit rest UNPLUGGED for 24 hours once you have it placed in your home.

**READ ALL INSTRUCTIONS BEFORE USING THIS APPLIANCE**  
**-Save these instructions-**

To register your product, visit:  
<http://www.vinotemp.com/Warranty.aspx>  
Register your warranty within 10 days of receiving the unit.  
Please be sure to retain your proof of purchase.

With a New Leaf Extended Warranty you will have the security of knowing that if there should be a problem, even years in the future, New Leaf will be there to assist! Usable for any Wine Cellar or other electronic device manufactured by Vinotemp. Add this warranty to purchases made from [Vinotemp.com](http://Vinotemp.com) or other qualified vendors. Warranty must be added within the first 10 days from original purchase. Other restrictions may apply.

**Purchase an extended warranty today at [www.Vinotemp.com](http://www.Vinotemp.com).**

# IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electrical shock or injury when using your appliance, follow these basic precautions:

- Do not operate this or any other appliance with a damaged cord.
- Do not operate if housing is removed or damaged.
- Exercise caution and use reasonable supervision when appliance is used near children. Never allow children to operate, play with or crawl inside the appliance. Keep packing materials away from children.
- Before performing any maintenance or cleaning, ensure that the unit is unplugged or that the power line is disconnected.
- Do not clean appliance with flammable fluids. Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance. The fumes can create a fire hazard or explosion.
- Exercise caution when moving and installing the unit. The cooler is heavy and may require two or more people when moving the unit to prevent strain or injury.
- Unit features a front exhaust system for freestanding or fully recessed applications.
- Locate the unit away from direct sunlight and sources of heat (stove, heater, radiator, etc). This unit is intended for indoor use only and must be installed in an area protected from the elements.
- This appliance is intended for use in a controlled ambient location such that the ambient temperature does not exceed 90°F (32°C).
- Place the appliance on a solid, level surface.
- Do not attempt to repair or replace any part of your appliance unless it is specifically recommended in this manual. All other servicing should be referred to a qualified technician.
- Connect to properly polarized outlets only. It is recommended that a separate circuit, serving only your appliance be provided. Use receptacles that cannot be turned off by a switch or pull chain. Be sure that the plug is fully inserted into the receptacle.
- To protect against electric shock, do not immerse appliance, plug or cord in water or other liquids. Avoid locating the unit in moist areas.
- Do not use this appliance for anything other than its intended purpose as described in this manual. For indoor, household use only.
- Do not operate the unit with wet hands, while standing on a wet surface or while standing in water.
- Do not use solvent-based cleaning agents or abrasives on the interior of the cooler. These cleaners may damage or discolor the interior.
- Keep fingers out of pinch point areas and be careful when closing doors if children are around.
- This appliance is designed for storing and cooling beverages. Do not store perishable food or medical products within the unit.
- When disposing of refrigeration appliances, special handling is often required. It is the consumer's responsibility to comply with federal and local regulations when disposing of this product.
- **WARNING:** Risk of child entrapment and suffocation. Before you throw away this or an old unit, remove the door. Leave the shelves in place, so that children may not easily climb inside.

# ELECTRICAL CONNECTION

**Improper use of the grounded plug can result in the risk of electrical shock. If the power cord is damaged, frayed or shows cracks or abrasions across its length, have it replaced at an authorized service center.**

For your protection, this unit is equipped with a 3-conductor cord set that has a molded 3-prong grounding-type plug, and should be used in combination with a properly connected grounding-type outlet.

- Do not under any circumstances cut or remove the third ground prong from the power cord supplied. For personal safety, this appliance must be properly grounded.
- The cord should be secured behind the unit and not left exposed or dangling to prevent accidental injury.
- A standard electrical supply (115V AC - 60Hz), properly grounded in accordance with the National Electrical Code and local codes and ordinances, is required.
- When a standard 2-pin wall outlet is encountered, it is your responsibility to have it replaced with a properly grounded 3-pin wall outlet.
- Never unplug the unit by pulling the power cord. To disconnect the appliance, always grip the plug firmly and pull straight out from the wall outlet. When moving the unit, be careful not to damage the power cord.
- The unit should always be plugged into its own individual electrical outlet with a voltage rating that matches the rating label on the unit.
- Do not pinch or kink the power supply cord.
- Repair or replace all power cords that have become frayed or damaged. Do not use a cord that shows cracks or abrasion damage along its length or at either end. When moving the appliance, be careful not to damage the power cord.

## Extension Cord

For your protection, this unit should be properly grounded. Unit is equipped with a 3-conductor cord set that has a molded 3-prong grounding-type plug, and should be used in combination with a properly connected grounding-type outlet as shown to the right.

It is not recommended to use this wine cooler with an extension cord or power board. Please ensure that the appliance is plugged directly into the electrical outlet.

**CAUTION:** It is strongly recommended that you do not use an adapter or an extension cord with this unit.

# PARTS AND SPECIFICATIONS

Model No.	VT-BC32SB-ID
<b>Voltage</b>	115V
<b>Frequency</b>	60 Hz
<b>Refrigerant</b>	R134a
<b>Power Consumption</b>	1.8 kW.h/24h
<b>Input Power</b>	115W
<b>Ambient Temperature Range</b>	60°- 90°F
<b>Control Temperature Range</b>	40°- 65°F
<b>Capacity</b>	Approx. 100 330 ml beverage cans
<b>Net Weight</b>	74 LBS
<b>Gross Weight</b>	79 LBS
<b>Dimensions (W x D x H)</b>	15.0" x 21.75" x34.5"

**\*Note:** This beverage cooler is designed to store approximately 100 330 ml beverage cans. Storing large and/or oddly shaped bottles or cans will decrease the capacity of your appliance.

# BEVERAGE COOLER INSTALLATION

## BEFORE USING YOUR APPLIANCE

- Remove all packing material before using your appliance.
- Check to be sure you have all parts and one owner's manual.
- **IMPORTANT:** Before connecting the unit to a power source, let it stand upright for approximately 24 hours. This will reduce the possibility of a malfunction in the cooling system from handling during transportation.
- Clean the interior surface with lukewarm water and a soft cloth.

## INSTALLATION OF YOUR APPLIANCE

- This unit is designed for indoor use only. Position the unit in a dry and well-ventilated place. Avoid placing the cooler near any source of heat or moisture, or in direct sunlight. Do NOT install the unit in a location with an ambient temperature that will fall below 60°F.
- For freestanding installation, 5" of space at the back and both sides are suggested to ensure proper air circulation to cool the compressor and condenser.
- For built-in installation, leave a ¼" (6.35mm) space on each side and at the top, and 1-2" at the back of the beverage cooler to ensure proper air circulation to cool the compressor and condenser. Also, be sure to not obstruct the front exhaust vent with anything as this may prevent the unit from performing properly.
- Place the appliance on a level surface strong enough to support it when it is fully loaded. To level the wine cooler, adjust the front leveling legs at the bottom of the unit.
- For best performance it is recommended that you install the appliance in a location with an ambient temperature between 60°-90°F. If the ambient temperature is above or below recommended temperatures, the performance of the unit may be affected.
- It is recommended that you do not install the appliance near an oven, radiator or other heating source. Direct sunlight may affect the acrylic coating and heat sources may increase electrical consumption. Don't install in a location where the temperature will fall below 60°F.
- Do not store or install the appliance outdoors, in a garage, basement, or in moist areas.
- Plug the unit into an exclusive, properly installed-grounded wall outlet.
- Do not lift unit by the door handle.
- To level your appliance, adjust the front legs at the bottom of the appliance.

## OPERATING YOUR BEVERAGE COOLER

- Gently place/slide the racks into the wine cellar.
- Determine the best temperature setting to use.
- Place beverages inside the cooler.
- Plug the power cord into a standard ground electrical outlet.
- In order to conserve energy and maintain proper storage temperature, limit the frequency in which you open the door.
- You can turn the interior light on and off by touching the button labeled with a light on the front of the control panel.

**IMPORTANT:** When using the beverage cooler for the first time, allow at least 24 hours for the internal temperature to adjust properly. Make sure there are at least 3 to 5 cans inside the unit.

## TEMPERATURE CONTROL:

**IMPORTANT:** In order to operate efficiently, this product should be in an environment with an ambient temperature of less than 90°F (32°C).

### LIGHT

To turn on the internal LED lighting, touch the  button.

### TEMPERATURE PRESET:

For your convenience, the manufacturer has pre-set the temperature of the beverage cooler to 54°F (12°C).

### SETTING THE TEMPERATURE:

The temperature range for this unit is from 40-65°F/4-18°C.

When the cabinet temperature is too low, the LED will display "LL". When the temperature is too high, it will display "HH". The "ER" display shows when there has been a power disruption.

### UP

Used to raise (warm) the set temperature by 1°C or 1°F.

### DOWN

Used to lower (cool) the set temperature by 1°C or 1°F.

## REVERSAL OF DOOR SWING

This beverage cooler is built with a reversible door. You have the choice of either opening it from the left or the right side. In order to reverse the direction in which your door opens, please follow these simple instructions.

**CAUTION:** To avoid personal injury to yourself and/or property, we recommend that someone assist you during the door reversal process.

**IMPORTANT:** Empty the beverage cooler and secure any loose parts (shelves) before reversing the door.

1. Remove the plug on top of the left side of the cabinet and set it aside for later use.
2. Unscrew the door handle and set it aside for later use.
3. Remove the hinge cover on top of the right side of the cabinet and keep it for later use.
4. Unscrew the door hinge on top of the right side of the door and keep it for later use.
5. Remove the plug on the top left-hand side of the cabinet and install it on the top right-hand side of the cabinet.
6. Install the door hinge and hinge cover to the top left side of the cabinet.
7. Remove the door support located on the bottom right-hand side of the cabinet and install it on the bottom left-hand side of the cabinet.
8. Install the door handle on the right side of the door.

**Note:**

1. It is recommended that you change the door swing before installation.
2. In order to allow the coolant to settle inside the compressor, you must refrain from plugging in the unit for 48 hours after the cabinet has been out of an upright position.

# CARE AND MAINTENANCE

**CAUTION:** Failure to unplug the appliance could result in electrical shock or personal injury.

## CLEANING YOUR BEVERAGE COOLER

**IMPORTANT:** Always unplug the unit before cleaning or performing maintenance. Never use harsh cleansers or scouring pads to clean any part of the unit.

- Turn off the power, unplug the appliance, and remove all items including shelves.
- Wash the inside surfaces, stainless trim and door handle with a warm water and baking soda solution. The solution should be about 2 tablespoons of baking soda to a quart of water.
- Wash the racks with a mild detergent solution.
- Wring excess water out of the sponge or cloth before cleaning control panels or any electrical parts.
- Wash the outside cabinet with warm water and mild liquid detergent. Rinse well and wipe dry with a clean soft cloth.
- Do not connect or disconnect the electric plug when your hands are wet.
- Never clean appliance parts with flammable fluids. These fumes can create a fire hazard or explosion.
- Do not use solvent-based cleaning agents or abrasives on the interior. These cleaners may damage or discolor the interior.

## INACTIVITY

If the unit will not be used for a period of less than three weeks, leave the cooler operating. If the period of inactivity is several months, remove all items and turn the unit off. Clean and dry the interior thoroughly. Leave the door open slightly to prevent any possible moisture build-up.

## MOVING YOUR BEVERAGE COOLER

Before moving your cooler, first be sure to remove all items from the cooler.

- Always unplug the cooler before moving.
- Use two or more people to move and install the appliance. Failure to do so can result in back or other injuries.
- Securely tape down any loose items, such as shelves, inside the unit.
- Turn the adjustable leg up to the base to avoid damage.
- Tape the door shut.
- Ensure that the unit stays securely in the upright position during transportation. Protect the outside of the appliance with a blanket or similar item.
- Protect the outside of the appliance with a blanket or similar item when moving as needed.

## ENERGY SAVING TIPS

- The unit should be located in the coolest area of the room away from heat sources or direct sunlight.
- Ensure that the unit has proper allowances on all sides for proper ventilation. Never cover any air vents.
- Only open the cooler door for as long as necessary. Frequent opening of the door will affect internal temperature.

# TROUBLESHOOTING

You can solve many common cooler problems easily, saving you the cost of a possible service call. Try the following suggestions to see if you can solve the problem before contacting Vinotemp at [info@vinotemp.com](mailto:info@vinotemp.com).

PROBLEM	POSSIBLE CAUSE
Door will not close properly	<ul style="list-style-type: none"> <li>• The unit is not level.</li> <li>• The shelves are out of position.</li> <li>• The door was reversed and not properly installed.</li> <li>• The door gasket is dirty.</li> <li>• A bottle in the cellar is too long.</li> </ul>
Unit does not operate—does not have power	<ul style="list-style-type: none"> <li>• Check that unit is plugged into the wall socket.</li> <li>• Make sure the wall socket has power.</li> <li>• If outlet is controlled by a wall switch, make sure switch is set to on.</li> <li>• Test wall socket functionality by testing another electrical appliance in the power socket.</li> </ul>
Power is ON but the unit will not cool	<ul style="list-style-type: none"> <li>• Make sure there are at least 3 to 5 cans in the unit. When using the unit for the first time, it can take up to 24 hours to reach the desired temperature.</li> <li>• If the room temperature is above 90°F (32°C), the unit will not get below 51°F (11°C). Humidity does not affect the cooling ability of the unit.</li> <li>• To achieve accurate temperature control, the unit should not be used or operated in any of the following locations:               <ul style="list-style-type: none"> <li>○ In a sunny place</li> <li>○ In a room with poor air circulation such as a garage near another heat-producing appliance such as a dishwasher, oven or refrigerator.</li> <li>○ With an outlet shared with a refrigerator as the refrigerator will drain power from the wine cellar.</li> <li>○ In a cabinet or closet.</li> </ul> </li> <li>• Make sure the cooling vents are not obstructed.</li> </ul>
Fan is always running	<ul style="list-style-type: none"> <li>• This is simply a function of the cooling system. The lower the setting, the more the fan will run. If the room is warmer than 90°F (32°C), it will run more.</li> <li>• The unit has been designed to run continuously when operating at the lower temperatures.</li> </ul>
Vibrations	<ul style="list-style-type: none"> <li>• Check to ensure the unit is level.</li> </ul>

# TERMS OF SALE AND WARRANTY

Vinotemp International Corp. ("Seller") and the person or entity that acquires these goods from Seller ("Purchaser") hereby fully agrees to the following terms and conditions of the sale: Shipping fees are the responsibility of the Purchaser whether freight prepaid or freight collect. Seller assumes no responsibility for the goods sold to the Purchaser once the goods have left the Seller's premises, including, but not limited to, late delivery by the carrier, or for events caused by any difficulty carrier incurs in attempting to fit the goods into the Purchaser's designated location due to the size of the goods or any other reason. Purchaser assumes all responsibility for delivery, payment of freight, access, measurement, installation, hook-up, wiring, moving and storage of the goods. The transportation of all goods is subject to the terms and conditions which the carrier imposes on Purchaser including, but not limited to, additional charges imposed per flight of stairs, and/or additional charges resulting from the carrier's inability to safely and/or adequately use the building elevator to lift the goods. Any claim for damages incurred during shipment by the carrier of the goods are insured and handled directly with the carrier and must be noted at time of delivery. Any damages due to manufacture defects will be handled directly with Seller, subject to the Limited Warranty, below. If the item is damaged by the freight company, Purchaser may cancel the order only by paying for freight costs both ways and a 35% restocking fee.

All sales are final, and unless authorized in writing by the Seller, Purchaser may not return the goods, under any circumstance. If Purchaser refuses to accept the goods, under any circumstance, the Purchaser is liable for the return and cost of freight both ways, and if Seller does take back the goods, there will be a restocking/service fee that is 35% of the purchase price of the goods (product must be in original packaging). If Purchaser returns goods claiming that the goods are defective and goods are found to be in working condition by the Seller, Purchaser is liable for the return and cost of freight both ways plus an a restocking/service fee that is 35% of the purchase price of the goods. Built-to-Order products (including Cabinets, Racking, and Accessories) are non-returnable. Purchaser must notify Seller of non-conforming goods within four days of delivery, after which time all goods are deemed accepted. If an order has been placed and production has started, cancellation of your order will be a 15% charge. If Purchaser tenders payment with a check that has insufficient funds (NSF), or stops payment on a check or credit card for any reason, Purchaser agrees to pay for all costs associated with the Seller's collection or litigation of such a claim, including without limitation general and special damages, court costs and attorneys' fees. Finance charges begin the date of invoice. Collection fees plus NSF fee of \$50 will be added to your invoice, which you agree to promptly pay. Title to the goods does not pass until payment is received in full by Seller and Seller retains a security interest in the goods until they are paid for in full, however, from deliver, Purchaser will insure the goods and for any damages caused by the goods (eighteen percent (18%) annual rate). Purchaser assumes and must immediately pay any "credit card arbitration" fees which the credit card companies charge during a dispute. Any disputes not resolved within 30 days from the invoice date will be reported to credit reporting agencies.

**LIMITED WARRANTY:** Seller warrants that the goods will be free of defects in materials and workmanship as follows: Furniture style (wood) wine cabinets made in the U.S.: all cooling unit parts for a period of 5 (five) years; cabinetry and labor (uninstalled) for a period of 12 (twelve) months.

Metal cabinet wine units: parts and labor for cooling system and cabinetry for a period of 12 (twelve) months.

For Designer Series units: parts and labor for a period of 12 (twelve) months from date of sale, compressor parts 5 years.

Thermoelectric Units: 90 (ninety) days (including Wine Coolers, Beer Dispensers, Humidor, Portofino Wood Cellars, and Refrigerators).

Wine-Mate Split and Ducted Systems and other installed products and parts only for 1 year, no labor. Other Wine-Mate Cooling Systems are 5 years parts, 1 year labor. Wine Accessories, Racking Systems and Other items are not warranted. There is no warranty on parts purchased separately. If a purchaser claims a product is "defective", they must obtain a letter from a qualified refrigeration technician at the customers cost, to verify that the unit was installed properly, with proper ventilation and the unit is truly malfunctioning due to manufacture defect.

Removal or re-installation of unit is not included in warranted costs. Purchaser's exclusive remedy is limited, at Seller's option; to repair or replace defective part[s] with either new or reconditioned part[s]. Purchaser is responsible for shipping the unit pre-paid to designated facility and Seller will pay return shipping charges in the continental United States for items repaired under warranty within 12 (twelve) months from date of sale. Since the natural variation in texture, density, grain, color, tone and shade of wood is unavoidable; Seller does not guarantee the texture, color, tone or shade of the wood: nor does seller guarantee the colorfastness of wood or against peeling, chipping, cracking or scratching. Note: Unfinished wood is subject to warping; all wood surfaces must be sealed before placing cellar into service. Improper repair or placement of the unit will void the warranty. Any third party repair facility must be pre-approved in writing by Seller, before providing replacement parts under warranty.

IL Romanzo units: Warranty 90 (ninety) days. Replacement part 12 (twelve) months from the date of sale.

Non-New Units (Scratch & Dent/Refurbished/Floor Models), warranty for compressor units is 90 days from your dated invoice and 30 days for thermoelectric units (parts for function only, not cosmetic defects). These units are refurbished and sold as is; Purchaser assumes risks to the quality and performance of goods and assumes the costs of all necessary service or repair not covered herein.

Element Grills (via Element Products LLC), grills have a 1 year parts warranty and a thirty day limited parts warranty on grill accessories. Warranty period is from the date of sale (not from shipping, delivery, nor installation).

This Limited Warranty does not cover damage due to such things as accident, misuse, abuse, mishandling, neglect, acts of God, fires, earthquakes, floods, high winds, government, war, riot or labor trouble, strikes, lockouts, delay of carrier, unauthorized repair, or any other cause beyond the control of the Seller, whether similar or dissimilar to the foregoing. Seller is not responsible for any damages caused to Purchaser's property resulting from the goods. This limited warranty applies only inside the Continental US (Alaska, Puerto Rico, Hawaii and other territories/countries are not warranted.)

Purchaser understands and acknowledges that the goods sold here are wine cellars, cigar humidors, and/or other similar units which house wine or cigars or other items. Purchaser assumes all risk of using these units, including risk of spoilage, humidity variations, temperature variations, leaks, fire, water damage, mold, mildew, dryness and similar and any other perils that might occur.

Seller is not responsible for incidental or consequential damages, and there are no warranties, expressed or implied, which extend beyond the Limited Warranty described above. Warranty and liability are non-transferable. The implied warranties of merchantability and of fitness for a particular purpose are hereby expressly disclaimed. Some states do not allow the exclusion of incidental or consequential damages, or a waiver of the implied warranties of fitness and/or merchantability, so the above limitations may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state. Seller disclaims any indemnification for claims of infringement of any intellectual property of protectable nature. In the event of any dispute between Seller and Purchaser arising out of or relating to these terms and conditions or to the goods sold generally, Purchaser must first file a written claim with Seller within ten days of the occurrence giving rise to the claim and wait an additional thirty days for a response before initiating any legal action. The sale and all terms are subject to California law. Any legal proceeding arising out of or relating to these terms and conditions or to the goods sold Purchaser shall bring, solely and exclusively in the County of Los Angeles. In no event may Purchaser initiate any legal proceeding more than six months after the occurrence of the event giving rise to the dispute. Seller may make non-payment claims until debt is paid in full.

HONEST FEEDBACK: In an effort to ensure fair and honest public feedback, and to prevent the publishing of libelous content in any form, your acceptance of this sales contract prohibits you from taking any action that negatively impacts Seller its reputation, products, services, management or employees, unless you have: (A) first communicated with Seller, and (B) your statement/claim has been substantiated or validated by a judgment. Should you not follow this process, Seller in its sole discretion, will provide you a seventy-two (72) hour opportunity to retract the content in question. If the content remains, in whole or in part, you will immediately be billed US\$2,500, as liquidated damages, representing a fair estimation of damages, for it would be impracticable or extremely difficult to fix the actual damages. Should these charges remain unpaid for 30 calendar days from the billing date, your unpaid invoice will be forwarded to a collections firm and will be reported to consumer credit reporting agencies until paid.

The above terms and conditions are the only ones governing this transaction and Seller makes no oral representations of any kind. These Terms and Conditions can only be modified in writing, signed by both Purchaser and Seller.

## SERVICE & IMPORTANT NOTICE

Upon receipt and inspection of unit, the supply cord must be replaced if it is damaged. Contact our customer service at 1-800-777-8466 or [info@vinotemp.com](mailto:info@vinotemp.com).

The manufacturer has a policy of continuous improvement on its products and reserves the right to change materials and specifications without notice.
