APPLIANCES - SPECIALTY

Wine Dispensing System

FROM: Vinotemp

[Request More Information](#)

The Vinotemp WineSteward is a wine dispensing system allowing the ability to store, cool, preserve and conveniently dispense wine from four bottles. Its compressor-based cooling and dispensing technology offers better cooling capacity than thermoelectric versions and can better adapt to varying temperatures and added heat loads, the firm reports. Its preservation system ensures each bottle can be enjoyed for 45 days.
