**Types of Appliances:** Range hoods.  
**Channels of Distribution:** Appliance retailers, kitchen/bath dealers, kitchen/bath distributors.

**Special Services:** In addition to its wide selection of standard sized, readily available range hoods, Vent-A-Hood offers customized solutions for special requirements, including special sizes, finishes, custom colors and accessories.

**Major Products:** Vent-A-Hood range hoods are produced with one of four blower platforms. The Magic Lung blower is its original filterless centrifugal blower system, offering a quiet, powerful, efficient and easy to clean range hood experience. The Power Lung blower included in its V Line Series is also a filterless centrifugal blower system providing the same benefits as the Magic Lung, but at a lower CFM level and a lower price point for standard, non-professional applications. The M Series blower system offers a competitive range hood equipped with stainless steel baffle filters and a choice of either a 600 CFM or 1000 CFM blower. The ARS duct-free system offers a premium recirculating option, with an activated carbon bed that is 50 times larger than competitor products, notes the company, and a high-efficiency microfilter that captures smoke.
