1. **KARRAN** has introduced the Q4-750, an equal double-bowl farmhouse sink produced from premium quartz material. The sink is offered in six hues, fits into a 36-in. farmhouse base and will not stain or discolor.

2. The single-lever faucet addition to **FRANZ VIEGENER'S** Nereia Collection has a 6-in. spout reach with a knurled lifting handle. The name Nereia is derived from the Greek word that means, "to flow, swim or navigate," which describes the look of the spout.

3. A countertop option, Worktops from **WATERWORKS** is sustainably harvested and handcrafted from white oak, walnut, cherry and wenge woods. The tops are offered in end-grain, flat-grain and edge-grain construction styles and in custom lengths, widths and thicknesses.

4. The Frame? technical series of stone cabinetry recently launched by **EDGEISMANIAN** in the U.S., consists of solid stone drawer fronts encased in recessed, riveted frames. The newest design is one of six innovative stone cabinetry systems offered through the company's Unique Collection, with more than 20 natural stones available.

5. **VISMAVAHETRO'S** DR-in is a complete program of walk-in shower solutions, consisting of fixed-glass elements and no doors. The glass panels, profiles and hardening rods fit together thanks to a system that combines safety, ease of installation and design.

6. Shown here in satin nickel, the Burns Wall Science from **HUDSON VALLEY LIGHTING** has contrasting features like straight lines, circles, screw-like ridges and bubbly glass to bring visual interest into a space. Burns offers three lamps and can be used alongside or above a mirror.

7. With Tivines Optima from **GRASS**, small and large stored items remain securely in place. The drawer dividers have aluminum profiles that can be adjusted at any time – tool-free and after the initial fit. It is available in set packages or profiles for cutting to length, and there is a choice of colors matching the Nova Pro Scallops and the Vinoro drawer sides.

8. **VINOTEMP** has launched the 155-Bottle Dual-Zone Wine Cooler, which features an industry-first design innovation – a horizontal stainless steel handle. Created by Vinotemp CEO, India Hynes, the new handle accentuates the cooler's stainless steel trim, while offering a visually pleasing separation between the upper and lower temperature zones.

9. **MONOGRAM** has debuted a column refrigerator door panel conceived by style and fashion icon Zac Posen. The door panel includes a charcoal mirror finish and fabric-inspired features, as well as LED interior lighting, an auto-fill pitcher and Wi-Fi connectivity.

10. Blackpool Matte from **CAMBRIA'S** Desert Collection is a smooth, soapstone-like matte black with the durability of natural quartz. The surface will never need sealing or polishing and can be cleaned simply with a soft cotton cloth, warm water and mild soaps.

11. **EVOLUTION LIGHTING** and Vital Vo partnered to create eLumi, a bacteria-killing undercabinet light. The Visible White Light Disinfection Technology uses LEDs – making it safe for humans and pets but deadly to bacteria – by exciting certain molecules in harmful micro-organisms through photo-activation, causing cell wall damage and death over time.
