South Carolina Living | "Cutting-edge Kitchens"

Vinotemp's Il Romanzo 2-Bottle Thermolectric Open Wine Cooler is one of just seven products featured on the popular South Carolina consumer publication's website. Selected by South Carolina Living's "Gadget Guy", the 2-bottle countertop cooler is the primary product featured in the write-up and is highlighted for its ability to make "entertaining with and serving wine - at the perfect temperature - easy-peasy."

Cutting-edge kitchens

Whether you're an award-winning chef or the guy who can't seem to get microwave popcorn right, your time in the kitchen will be more enjoyable with a little help from these devices. They make great gifts, too.

Chill out

No more shoving wine into the refrigerator or cleaning up melted ice. Vinotemp's Il Romanzo 2-Bottle Thermolectric Open Wine Cooler makes entertaining with and serving wine—at the perfect temperature—easy-peasy. This easily accessible wine cooler features a customizable 41–66 F, temperature range, and its compact size means you don't have to sacrifice kitchen counter space. Cheers! \$200, (800) 777-8466, vinotemp.com.
