2019 IBS PREVIEW: PRODUCTS TO FIND AT THE KITCHEN & BATH INDUSTRY SHOW

New product offerings from Bosch, Gaggenau, and more.

By [Mary Salmonsens](#)

As Design and Construction Week draws closer, manufacturers are gearing up for the International Builders' Show (IBS) and Kitchen & Bath Industry Show (KBIS) with new product previews and showcase announcements. Here's some more of the sights you can see at the KBIS side of the show from Feb. 19-21 at the [Las Vegas Convention Center](#):

"Written for builders, architects, subcontractors and other involved in the housing market, *Builder* provides balanced and analytical coverage of management, financial insurance, legal and operational issues affecting all sizes of home builders."— Builder

Vinotemp

Vinotemp - Booth N3300

The Private Reserve Series 41-bottle wine cooler offers the features and design of the existing series in a smaller size for under-counter or freestanding installation. The cooler's stainless steel gliding wine racks are designed to keep wine bottles' labels facing forward. Users can set the temperature between 41 and 63 degrees Fahrenheit, and display their wine collection with three LED backlighting options: heliotrope, amber and BioBlu. The cooler is front-vented and engineered for low energy consumption.
