

VINOTEMP &

Builder | 2020 Product Guide: Kitchens and Baths

Vinotemp is one of just 15 brands showcased in the popular publication's 2020 guide dedicated to highlighting industry-leading offerings that "mesh past, present, and future." And, touted for its many features (pull-out adjustable glass shelves, locking door, automatic defrost, etc.), Vinotemp's new Brama Outdoor Refrigerator is the only outdoor appliance included in the write-up.

2020 PRODUCT GUIDE: KITCHENS AND BATHS

The latest in kitchen and bath innovations from Bosch, Moen, The Hammock Bath Co., and more.

By [Mary Salmons](#)

Kitchen and bath fixture, appliance, and accessory manufacturers are embracing a variety of retro design styles, from Art Deco-inspired faucets to industrial-style ovens and rangetops. At the same time, new innovations in water savings, cleanliness, comfort, and smart control are paving the way for high-tech kitchens and baths in any home style, from contemporary to ultra-modern to urban farmhouse. Here's a look at how the industry's latest offerings mesh past, present, and future:

Vinotemp

The Brama Outdoor Refrigerator is designed for outdoor entertaining use, and may be installed built-in or as a freestanding unit. It measures 23 ½ inches wide by 32 ⅓ inches high, and offers a black cabinet and interior, three pull-out adjustable glass shelves, a locking stainless steel door, and an internal LED control panel for temperature adjustment. Additional features include leveling legs, an LED light bar, and an automatic defrost function. vinotemp.com
