Brushless motor, ergonomic improvements for drill, driver

DEWALT offers a more powerful brushless motor and better ergonomics in its 20V MAX XR Drill (DCD791) and Impact Driver (DCF887). Featuring a dust- and moisture-resistant coated and sealed switch, the drill and driver were designed for use at jobsites. The ½-in. compact drill/driver has an all-metal ratcheting chuck, weighs 3.4 lbs. with battery and has three LED light settings. An easy-grip drop and load chuck is a feature of the ¼-in. impact driver, which has three speeds to achieve the torque various jobs require.

Paint kills bacteria on surfaces

Paint Shield from **SHERWIN-WILLIAMS** is an EPA-registered microbicidal paint that continuously kills infection-causing bacteria after two hours of exposure on painted surfaces. The paint can be applied on interior hard, nonporous ceilings, walls, doors and trim, and is ideal for bathrooms, laundry rooms and kitchens where bacteria could be present.

With high hide and coating performance, the paint will be available in 590 colors and offered in an eggshell finish. Paint Shield will be available in the first quarter of 2016.

Sculptural design to ceiling fan

KICHLER Décor Ceiling Fans expands with the introduction of the 52-in. Nadia fan. Featuring a sculptural design, the four fan blades wrap around its center and extend at a 14-degree angle. It comes with an integrated LED light kit for energy savings. Two finishes are available: brushed nickel with driftwood blades or oil-rubbed bronze with shadowed walnut blades. With a balance of style and function, the ceiling fan also comes with a limited lifetime warranty.

Adjustable shelving in cooler accommodates 300 wine bottles

VINOTEMP launches its 300 Bottle Dual-Zone Wine Cooler for built-in or freestanding installation. The dual-zone cooling maintains a temperature range of 40 F to 56 F for the upper zone and 54 F to 65 F for the lower, and the option for a wireless Wine Storage Temperature and Humidity Monitoring Kit is available. A dual-pane glass door with stainless trim presents a clean, modern appearance furthered by the black metal wine racking with a black wooden lip/rack face. Adjustable shelves accommodate stacked bottles and feature grooves to hold bottles in place.

Composite decking comes with 25-year warranties

DECKORATORS Vault Composite Decking is made with Eovations technology, creating a lightweight fibrous composite with the appearance of wood without having any wood content. The decking cuts, drills, shapes and fastens like wood, but has virtually zero moisture absorption and low thermal absorption. Measuring 7/8 in. thick by 5 ½ in. wide, the deck boards are available in dusk and mesquite color options with slotted- or solid-edge profiles. It is backed by 25-year structural, stain-and-fade, and removal-and-replacement warranties.
