Kitchen & Bath

Two sink configurations in Neoroc material

**KOHLER** Kennon Sinks are available in two configurations: a double-equal sink and single bowl. Both models fit a standard 36-in. base cabinet, feature offset drains and come with one sink rack for protection. Featuring the company's Neoroc composite material with a matte finish, the sinks come in matte black and matte brown color options enhanced with embedded metal flecks. To accommodate either top- or under-mount installations, the sink's design includes one faucet hole on the rear deck (three more are available for knockout). Circle 19 on inquiry card

Expansion of bath collection

The Townsend Collection from **AMERICAN STANDARD** includes a selection of bathroom sinks and a high-efficiency toilet. Complementing the existing Townsend Collection faucets and accessories, the sinks and toilet provide a coordinated bathroom setting. Three rectangular-shaped sink configurations—pedestal, above-counter and under-mount models—come in white or linen. With its Right Height elongated bowl configuration, the one-piece toilet leverages the power of the VarMax flushing system, while earning WaterSense certification for its 1.28 gpf. Wine cooler with black stainless steel finish

Part of **VINOTEMP's** latest series of wine coolers, the Element by Vinotemp 168 Bottle Smoked Black Stainless Steel Dual-Zone Wine Cooler fits into the growing demand for smudge-proof black stainless steel appliance finishes. Its Dual-Zone Cooling System includes two compartments to store up to 14 cases of dark and light wines. Featuring steel and wood wine racking, the wine cooler has a touch-screen temperature control, and the Vinotemp BioBlu interior lighting system helps reduce the growth of mold and bacteria. Bath, vanity lighting in range of sizes, styles, finishes

**KICHLER** introduces collections that accommodate any size bathroom in a range of design styles with its 2017 Kichler bath line. One introduction is the Indeco LED (top) that comes as a wall sconce or 24-in. linear bath bar, and is finished in natural brass and polished nickel. Another is the Amira LED (middle) in a polished chrome finish in 24- and 36-in. linear bath bar options. The Cambria LED (bottom), a linear bar, showcases a traditional design in either polished chrome or brushed nickel finish. Circle 23 on inquiry card

Smudge-proof finish for appliances

The **FRIGIDAIRE** Gallery Black Stainless Steel Collection brings a modern look to the kitchen, and the eight appliances available feature a smudge-proof black stainless steel finish. Both refrigerators—French Door and 21-in. Top Mounted—include the SpaceWise Organization System, while the dishwasher is equipped with the OrbitClean Wash System. The ovens (single and double-wall) and ranges (free-standing electric and gas) have a Quick Preheat setting and True Convection technology, and the Over the Range Microwave uses sensor cooking to adjust power levels and cooking times. Wall-mounted mirrors with LED lights

**WARMLYYOURS** incorporates supplemental LED light diffused by frosted glass in its Marquee Series of LED Mirrors. The four wall-mounted models feature a silvered reflective surface, polished exterior edge and a white powder-coated, stainless steel backing. A hardwired installation ensures there are no visible cords or plugs, and models include a five-year warranty. Measuring 24 by 36 in., the three rectangular models are Audrey, Grace and Ingrid; the curvaceous, circular Marilyn mirror is 24 in. in diameter. Circle 22 on inquiry card

Wine cooler with black stainless steel finish

Part of **VINOTEMP's** latest series of wine coolers, the Element by Vinotemp 168 Bottle Smoked Black Stainless Steel Dual-Zone Wine Cooler fits into the growing demand for

smudge-proof black stainless steel appliance finishes. Its Dual-Zone Cooling System includes two compartments to store up to 14 cases of dark and light wines. Featuring steel and wood wine racking, the wine cooler has a touch-screen temperature control, and the Vinotemp BioBlu interior lighting system helps reduce the growth of mold and bacteria.
