Qualified Remodeler®

VINOTEMP &

Qualified Remodeler | "PRODUCTS: Kitchen & Bath"

The launch of Vinotemp's WineSteward™ at the upcoming Kitchen & Bath Industry Show (KBIS) is highlighted in the highly targeted remodeling magazine's kitchen & bath product feature. The wine dispenser is touted for its compressor-based cooling and dispensing technology along with it's European inspired design aesthetic.

AUDIENCE: Print | 209,475

"Written for corporate executives and managers in the remodeling industry, and targeted at professional residential remodeling contractors, designers, and architects, Qualified Remodeler's content focuses on the latest developments in designing, installing, estimating, and marketing – covering a range of topics that are relevant to residential remodeling projects."

Line of gray paints stain introduced
WELLBORN CABINET introduces Nature Collection, a line of gray paint stains. The gray collection is available in two stain and two paint options—Tungst stain, while Tensile and Forge provide paint options. All three gray shades in Wellborn's Premier Series, Wellborn Elegant Bath Collection and Estate line the gray collection can be applied to hickory door styles. Find Wellborn during KBIS at Booth W728. Circle 25 on inquiry card.

'Smart' home lighting controls for retrofit, new installs
 The HÄFELE Connect BLE Box provides the hardware conduit between the company's Loox LED Lighting System and its Häfele Connect app. Using the app and BLE box, users can control individual lights as well as store custom light scenes and program time-controlled

Mid-century modern hardware collection
TOP KNOBS takes inspiration from mid-century modern neighborhoods across the U.S. with the introduction of its Lywood Collection of decorative hardware. Including 306 pieces in seven series, the collection of knobs, pulls, cup pulls and backplates mimic minimalist shapes found in furniture and architectural styles from the mid-1950s through mid-1960s. The decorative hardware pieces come in six finishes: aged gray, flat black, brushed satin nickel, honey bronze, polished chrome and polished nickel. Find Top Knobs during KBIS at Booth W1355. Four-bottle residential wine dispenser
 Featuring the ability to store, cool, preserve and dispense wine from four bottles, the **VINOTEMP** WineSteward system brings high-end restaurant-style wine dispensing into the home. Using a compressor-based cooling and dispensing technology, the dispenser maintains a stable internal temperature despite environmental conditions. Its preservation system ensures bottles can be enjoyed up to 45 days. Inspired by European design, the dispenser's insulated glass door showcases each bottle, and a digital LED temperature display confirms the temperature that the wine is being stored and served. Find Vinotemp during KBIS at Booth S5459. Circle 30 on inquiry card.
